To: All Parents and Staff

From: Robert Rouleau, Director Facilities/Transportation

Date: August 24, 2010

In Compliance with the U.S Environmental Agency (EPA), Asbestos Hazard Emergency Response Act (AHERA), accredited asbestos inspectors from Tighe & Bond perform re-inspections of each of our school buildings for asbestos containing building materials every three years. The latest re-inspection is currently taking place and will be complete by the end of September 2010. A notification letter of this is required to be sent to all parents and staff annually.

The results of the re-inspection are on file in the management plan in the school's administrative office as well as a master district plan at the central administrative office. Anyone is welcome to view these anytime during normal school hours (M-F 8:00am- 4:00pm) The asbestos Program Manager, Robert Rouleau, is available to answer any question's you may have about the asbestos in our district at 978-249-2403.
