AHS Journalism

ATHOL— The Athol High School journalism class is now on social media.

The class makes appearances on Instagram, Facebook, Twitter, and Snapchat. The Journalism class will be bringing important updates and news to the student body.

Students had mixed feelings about the appearances on social media. One student was interested to see what the journalism class would be posting. Others had opinions on what they would like to see more of.

“I would like to see people that aren't always recognized finally recognized,” said a passionate student.

Another student believed the journalism class being on social media was not necessary. This student thought the class wouldn't be posting anything interesting to students.
