October 5, 2021

Dear Parents/Guardians:

The district and Heywood Hospital will be holding an in-school COVID-19 vaccination clinic for students 12 years old and older. This clinic will be held during the school day and will require parental/guardian consent to participate. Your child will be administered the vaccine by Heywood Hospital staff.

The dates for this clinic are tentatively scheduled for the middle to end of October and the exact dates will be determined once we know the quantity of vaccines needed. With this information, Heywood Hospital will be able to secure the correct amount of doses and determine the dates for the vaccination clinic.

If you would like your child to receive the COVID-19 vaccination at school please complete the release form and return to your child's school by Friday, October 15th. The returned forms will allow us to order the correct doses and schedule the dates for the vaccinations clinics.

If you have any questions or concerns please contact Andrea Bishop at 978-249-2435, ext. 133.

Sincerely,  
Andrea Bishop  
COVID-19 Director
