Dear Parents,

John Salovardos
Director of Pupil Services

As part of our Strategic Plan, the district has been working to address learning that revolves around social emotional development. As part of this effort, the district will be sending out access for students to complete a survey on elements of social emotional learning on November 10th, 2022. Before that date we wanted to share some information on the survey in case there are any questions, or if families decide they want to have their child opt-out of the survey.

David King
AHS Principal

The following is information about the company and the survey we are using that will be rolled out to students in grades 3-12.
